

# Clear Creek County Citizen Survey 2010

August 11, 2010

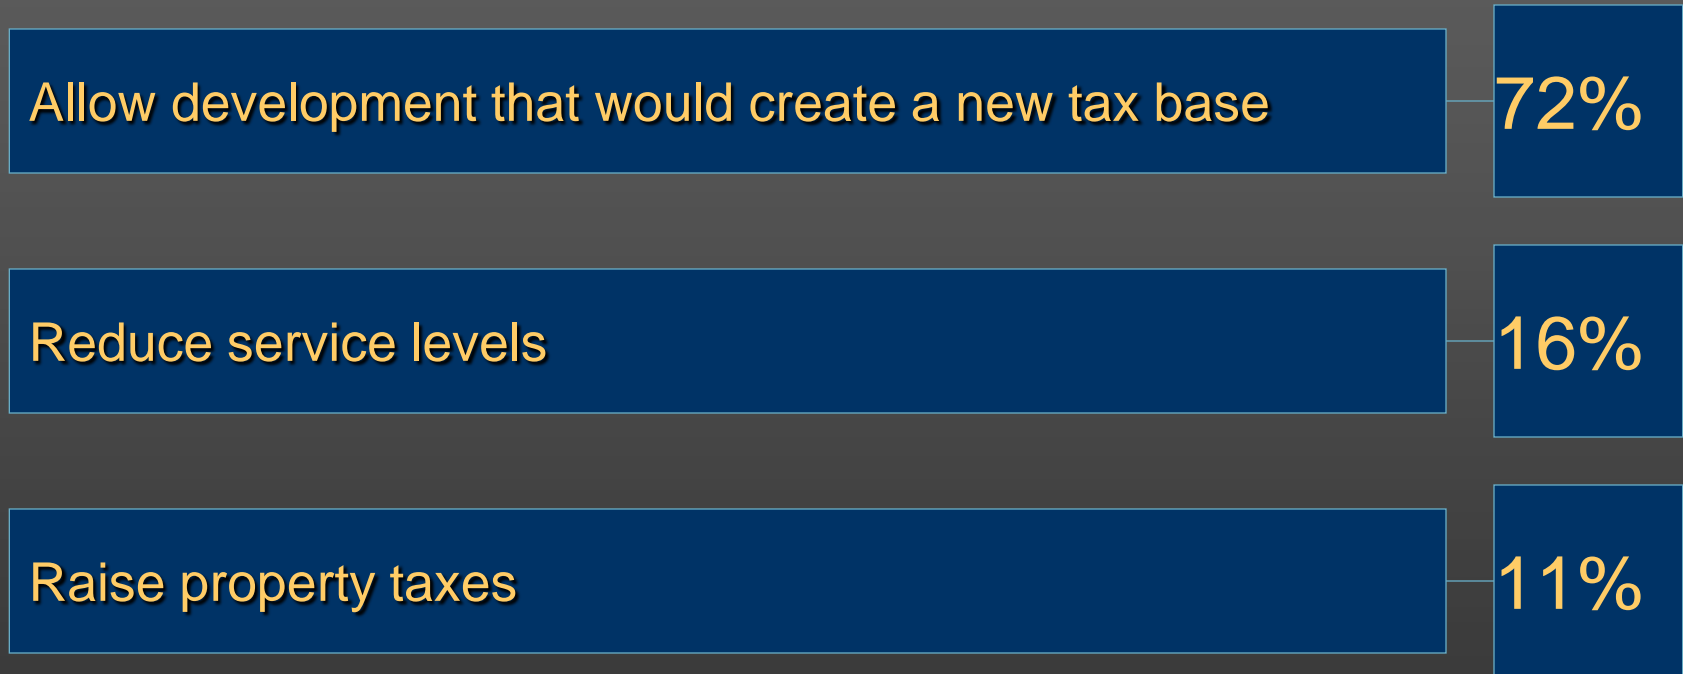

Prepared by:

# Preferred Approach to Service Levels and Funding

When the gap between the County's costs and revenues widens in the coming years, would you rather see service levels reduced, the County replace lost revenue by asking voters to approve a tax increase or should the County allow development that would create a new tax base?

Percent of respondents

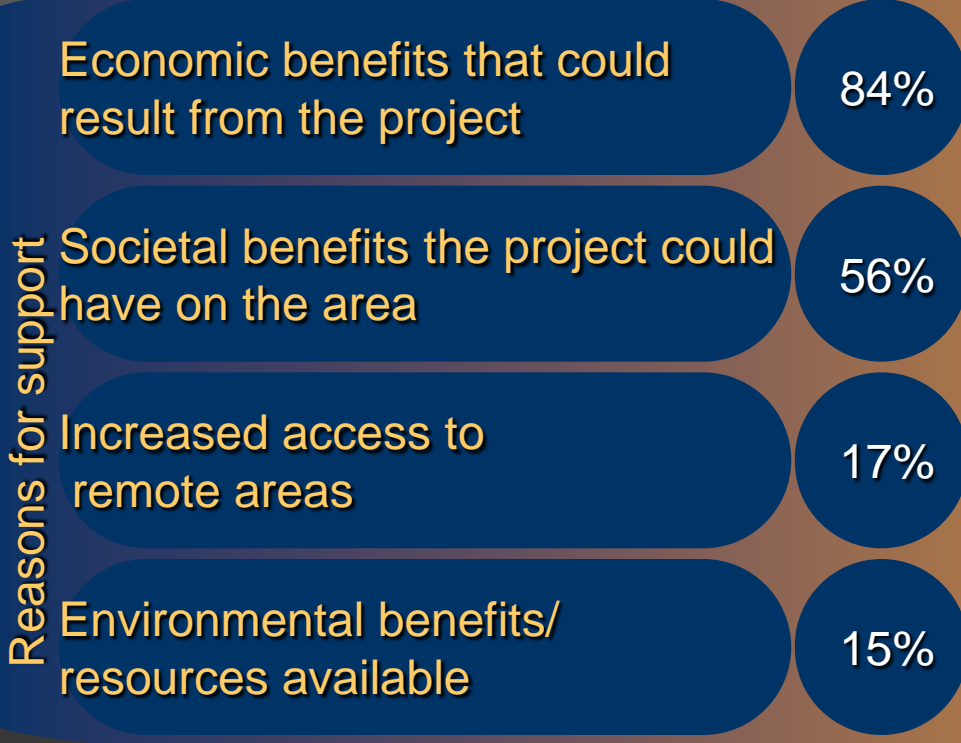

# Wind and Solar Installations

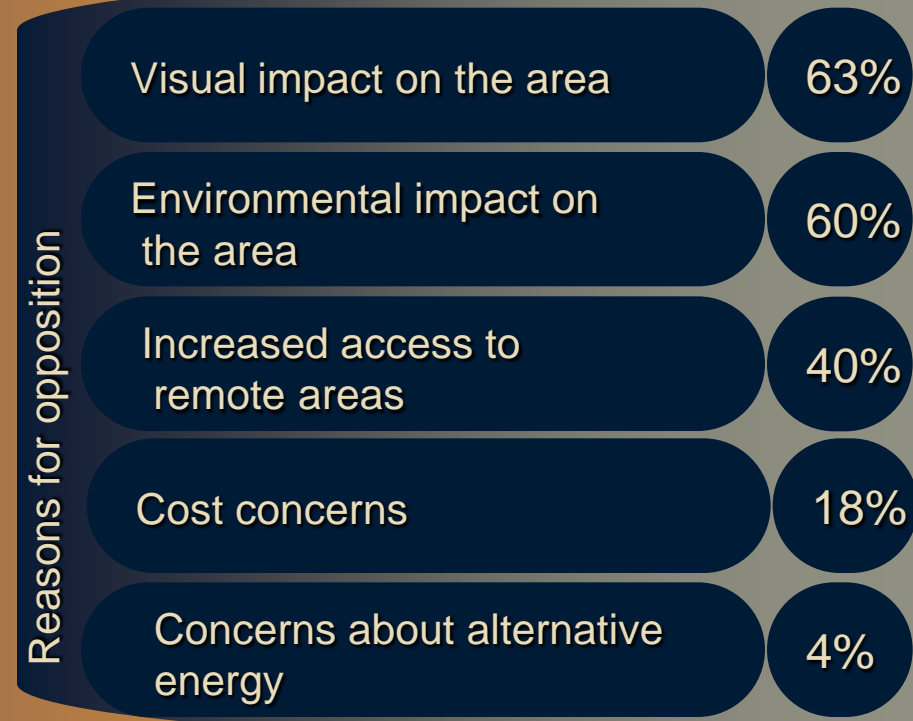

**Strongly support – 51%**

**Somewhat support – 32%**

Clear Creek County as a location to install large, utility scale alternative energy sources
